RE:

Form 481 - Carrier Annual Reporting Data Collection, 2015

WC Docket No. 14-58

Dear Ms. Dortch:

Pursuant to sections 54.313(i) and 54.422(c) of the Commission's Rules, Northeast Florida Telephone Company (the Company) hereby submits a copy of its "FCC Form 481 – Carrier Annual Reporting Data Collection Form," as filed with the Universal Service Administrative Company. A copy is also being submitted to the appropriate state regulatory commission and tribal government, as further required by sections 54.313(i) and 54.422(c).

Pursuant to the Protective Order adopted by the Commission in this proceeding,<sup>2</sup> the Company requests confidential treatment for the financial information included in its report, as required by §54.313(f)(2), on the grounds that it is commercially sensitive information that is not normally released to the public. The Company also requests confidential treatment for its

Progress Report on the Five Year Service Quality Plan pursuant to sections 0.457 and 0.459 of the Commission's Rules. A letter in support of the Company's request is attached hereto.

In accordance with the Protective Order and the Commission's rules, two redacted copies and one non-redacted copy have been submitted on paper via hand delivery to the Secretary's Office, two non-redacted copies have been submitted for hand delivery to Mr. Charles Tyler of the Telecommunications Access Policy Division, and a redacted copy has also been filed via the Electronic Comment Filing System.

If you have any questions, please do not hesitate to contact the undersigned.

Sincerely,

Salvatore Taillefer, Jr.

Counsel to Northeast Florida Telephone

Company

### VIA HAND DELIVERY

Marlene H. Dortch, Secretary Federal Communications Commission 445 12<sup>th</sup> Street, S.W. Washington, DC 20554

RE:

Form 481 - Carrier Annual Reporting Data Collection, 2015

WC Docket No. 14-58

Dear Ms. Dortch:

Pursuant to §0.457 and §0.459 of the Commission's rules, Northeast Florida Telephone Company (the "Company"), by its attorneys, hereby requests that certain materials and information be withheld from public inspection. Specifically, the Company requests confidential treatment of the Progress Report on the Five Year Service Quality Improvement Plan (the "Plan" or "confidential information") attached to its Form 481 filing.

In support of its request for confidential treatment and pursuant to the requirements under § 0.459(b) of the Commission's rules, the Company states the following:

1. Identification of the specific information for which confidential treatment is sought.

The Company seeks confidential treatment of the Progress Report on the Five Year Service Quality Improvement Plan, attachment 112 to the Form 481 filing accompanying this letter, which contains sensitive financial information about the Company as well as information about the Company's projected network improvements and upgrades for voice and broadband services during the period from 2015 through 2019.

2. Identification of the Commission proceeding in which the information was submitted or description of the circumstances giving rise to the submission.

The documents are being submitted as part of the annual Eligible Telecommunications Carrier Report (Form 481) mandated by section 54.313 of the Commission's rules.

3. Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged.

The data described is highly confidential and sensitive commercial and financial information which constitutes trade secrets or sensitive commercial and financial information that "would customarily be guarded from competitors," and is therefore exempted from mandatory disclosure under FOIA Exemption 4 and Section 0.457(d) of the Commission's rules.<sup>2</sup>

4. Explanation of the degree to which the information concerns a service that is subject to competition.

The Plan relates to voice and broadband services provided by the Company that are subject to competition from competitive local exchange carriers, cable television system operators, electric power utilities, fixed and mobile wireless service providers, and/or satellite carriers.

5. Explanation of how disclosure of the information could result in substantial competitive harm.

Disclosure of the confidential information is likely to result in substantial competitive harm to the Company because the confidential information could provide competitors with commercially sensitive insights related to the Company's operations, service offerings, and costs.

6. Identification of any measures taken by the submitting party to prevent unauthorized disclosure.

The Company does not make the Progress Report on the Five Year Service Quality Improvement Plan or any of the information contained therein publically available in any way and further limits internal access to key employees subject to strict non-disclosure obligations.

7. Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties.

The Company does not make the confidential information available to the public and it has not previously allowed disclosure of the confidential information to third parties that are not otherwise bound by confidentiality obligations.

<sup>&</sup>lt;sup>1</sup> *Id.* § 0.457(d)(2). <sup>2</sup> 5 U.S.C. § 552(b)(4): 47 C.F,R. § 0.457(d).

8. Justification of the period during which the submitting party asserts that the material should not be available for public disclosure.

The confidential information should be treated as confidential for an indefinite period, as the Company will always be subject to competition and the competitive harms associated with the disclosure of the confidential information.

In order to provide adequate protection from public disclosure, the Commission should strictly limit distribution of the confidential information within the Commission on a "need to know" basis and not allow any distribution outside of the Commission. In the event that any person or entity outside the Commission requests disclosure of the confidential information, the Company requests that it be so notified immediately so that it can oppose such request or take other action to safeguard its interests as it deems necessary.

Please direct any questions regarding this submission to the undersigned.

Respectfully submitted,

Salvatore Taillefer, Jr.

Counsel for

Northeast Florida Telephone Company

Service Quality Standards and Consumer Protection Rules Compliance for

voice and broadband services

Northeast Florida Telephone Company ("NEFCOM" or "the Company") established a Quality of Service Policy ("Policy") that incorporates the service objectives previously included in the Florida Public Utility Commission's rules. The Policy guarantees NEFCOM will meet all service standards or provide a \$25.00 service standard credit to any customer if it is determined that NEFCOM failed to meet the service standard goals.

NEFCOM complies with the following federal consumer protection rules and regulations:

FCC 47 C.F.R. §§64.2001-64.2011 – Customer Proprietary Network Information ("CPNI") FTC 16 C.F.R. §681.2 – Identity Theft Red Flags and Address Discrepancies Under the Fair and Accurate Credit Transactions Act of 2003

All customer protection and disclosures established by the Fair Credit Reporting Act (15 U.S.C. §§1681, et seq.) and the Truth in Lending Act (15 U.S.C. §§1601, et seq.)

The Company has a CPNI Policy Manual detailing and enforcing the requirements of the federal CPNI rules. Each year, the CPNI Compliance Officer (1) communicates with the Company's attorneys and/or consultants regarding CPNI responsibilities, requirements and restrictions; (2) supervises the training of Company employees and agents who use or have access to CPNI; (3) supervises the use, disclosure, distribution or access to the Company's CPNI by independent contractors and joint venture partners; (4) maintains records regarding the use of CPNI in marketing campaigns; and (5) receives, reviews and resolves questions or issues regarding use, disclosure, distribution or provision of access to CPNI. The CPNI Compliance Officer certifies compliance annually with the FCC by March 1.

The Company has an Identity Theft Prevention Program ("the Program") that was approved by the Board of Directors in September 2008. The Board appointed Red Flag Coordinator is responsible for updating the Program as necessary; the day-today supervision of the Program; training Company employees regarding their responsibilities with respect to the Program; and responding to employee questions and concerns regarding identity theft or the Program. The Red Flag Coordinator is required to annually prepare an Identity Theft Prevention Program Compliance Report for the Board's approval by October 1. The Identity Theft Prevention Program Compliance Report evaluates the effectiveness of the Program; the nature and extent of the Company's service provider arrangements and their impact on the effectiveness of the Program; reports any significant incidents involving identity theft and the Company's response to such incidents; and provides recommendations to the Board for periodic reviews of the Program and the adoption of material changes and other revisions, modifications and updates to the Program.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

Functionality in Emergency Situations for voice and broadband services

Northeast Florida Telephone Company ("NEFCOM" or "the Company") has an Emergency Operations Plan ("EOP" or "the Plan") that addresses the requirements for continuity of service and systematic restoration of service after loss of service due to an emergency. The EOP is administered and maintained by a member of senior management of the parent company, Townes Telecommunications, Inc., and is reviewed annually to ensure that each applicable section is accurate and any changes or updates to the Plan are made on a timely basis.

An Emergency Director has been authorized to implement the provisions of the EOP. The Emergency Director conducts training with employees and is responsible for ensuring that all new employees are provided a 30 minute overview of the Plan as part of their orientation. Specific supervisory personnel receive additional intense instructions regarding special areas of the Plan

The Plan established an Emergency Committee made up of senior management and key company personnel, who upon notification by the Emergency Director that a potential emergency exists, convene to declare an emergency, notify affected parties and assume control of restoration of service efforts.

An emergency control center is established at the Company's business office, which is equipped with a back-up power generator and a wireless telephone set. Depending upon the severity and type of emergency and the safety of the emergency location, a control center may be established at the site of the event.

In case of power outages, batteries in the central office will last on average from 4-8 hours depending on how many lines (AMP load) are served at that particular location. The stand-by generator has 24 hour diesel capacity and small generators are available to be put on smaller concentrators if power is lost. The small generators have to be refueled every few hours.

The Company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

Terms and Conditions for Lifeline Program Customers

Northeast Florida Telephone Company ("NEFCOM" or "the Company") complies with the FCC CFR 47 §§54.4, Universal Service Support for Low-Income Customers and the Florida Public Service Commission's rule 25-4.0665 relating to Lifeline Service. The Company has developed a Lifeline Program Policy & Procedures Manual, which incorporates both the federal and state Low-Income Program requirements. Lifeline is a non-transferable retail service offering for which qualifying low-income consumers receive a \$9.25 federal discount and a \$3.50 company discount on flat rated basic local telephone service, whether it is purchased on a stand-alone basis or as part of a bundled service that includes voice and data services and optional calling features. Lifeline customers are charged a separate charge for toll calls, but are provided Toll Blocking free of charge if they elect to subscribe to the service. The Lifeline supported services are as shown below:

	NEFCOM	
Residence Access Line	14.00	
Federal SLC	6.50	
Total Monthly Rate	20.50	
Lifeline Discounts to Total Monthly Rate:		
Radaval Flot Pota I ifalina Support	(0.25)	FCC 407: Lifeling Washoh and
Federal Flat Rate Lifeline Support	, ,	FCC 497: Lifeline Worksheet
	(9.25) (3.50)	FCC 497: Lifeline Worksheet
Federal Flat Rate Lifeline Support Company Lifeline Support Total Lifeline Service Monthly Rate	, ,	FCC 497: Lifeline Worksheet

### Additional Services:

Toll Blocking is free to Lifeline customers who subscribe to this service.

The company is required to include the Lifeline Service Program in their Local Exchange Tariff. The rates for basic local residential service are also contained in the Local Exchange Tariff and the rates for the federal SLC are included in the NECA Tariff No. 5. Changes to any of these rates must be approved by the appropriate regulatory agency.
